

COROLLA ALTIS

Move your world

Exceptional is the **New Standard**

Rediscover exceptional everyday driving with the new Toyota Corolla Altis. As car technology and design are continually evolving, our commitment to excellence remains timeless. Sleek design meets innovative tech, setting a standard that's not just maintained, but continually elevated. Because with the Corolla Altis, we don't just repeat history—we evolve it.

Dynamic Styling

A bold design known for its agility, speed and spirit. However, it's also polished and refined—and guaranteed to turn heads. Likewise, the Corolla Altis' style doesn't come at the expense of practicality. It sports a low, sleek silhouette, with a wide and powerful stance, to elevate your expectations of sedans.

Distinctive Front Design

With its bold mesh grille, it's all about rocking that modern, edgy look. And as day turns to dusk, the front automatic headlamps light the way without you even thinking about it. Effortless illumination for every journey—no switch-flipping needed.

17" Aluminium Rims

Roll in style on our sleek 17-inch elegance rims. They don't just make every commute smooth sailing—they're a fashion statement for your Corolla Altis.

LED Rear Combination Lamps

Whether you're signalling a turn or hitting the brakes, these striking LED lamps make sure you shine and stand out, day or night.

Sophisticated Features

The new Corolla Altis raises standards of functionality—whether it's greater safety with better visibility, greater convenience—with smart entry and push start—or greater comfort with more spacious legroom.

01. 9" Touchscreen Headunit with wireless Apple CarPlay® and Android Auto™

Turn up the excitement in every ride with this intuitive touchscreen, allowing you to easily connect your favourite devices to Apple CarPlay® or Android Auto™ wirelessly. Dive into your favourite tunes, podcasts, or maybe that road trip playlist you've been curating.

02. Keyless Entry

Say goodbye to hunting for keys, and hello to entering with ease. Just reach out and to the door handle and—just like that—your Corolla Altis knows you're there. Plus, it works from either the driver or front passenger's side.

03. Rain Sensing Wipers

Let the Corolla Altis handle the unpredictable. As the raindrops come down all around, the windshield wipers turn on automatically—improving your visibility by keeping your view clear, without you lifting a finger.

04. Nanoe™ X (-) Ion Generator + Pollen Filter

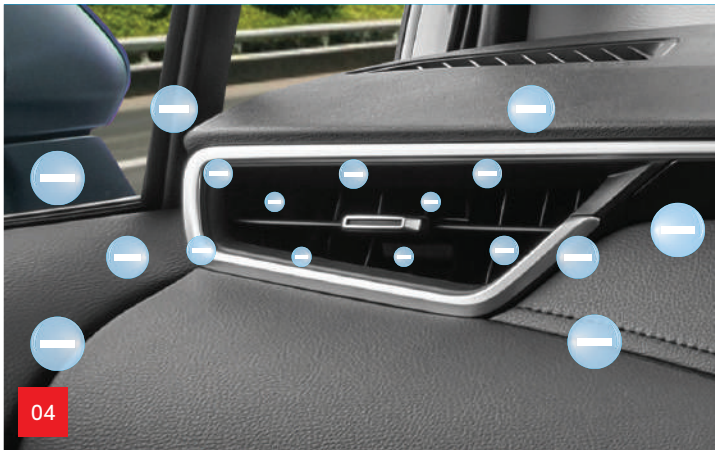

Imagine a cabin that feels like a fresh forest morning. Clean, crisp, and allergen-free—that's every ride in your Corolla Altis.

05. Electrochromic Mirror

Keeping you safe during night drives, the electrochromic mirror automatically dims itself to reduce glare from the high beams of cars behind you.

06. 12.3" Multi-Information Display

This sleek display gives you the important driving and safety information you need at a glance—without distracting you from the road.

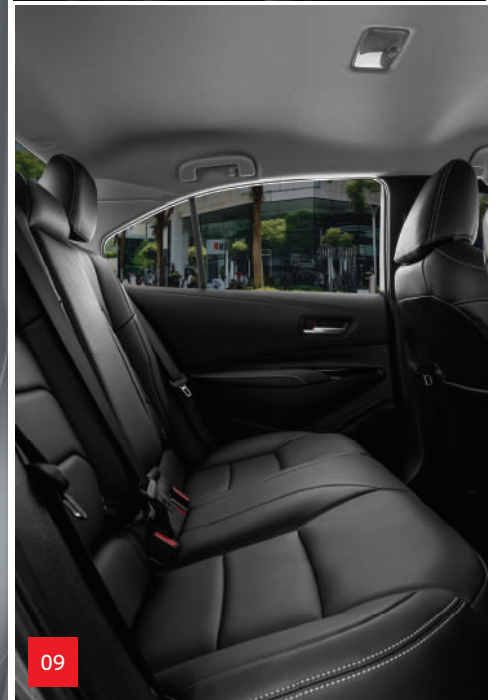

07. Spaciousness

Dive into those roomy seats, stretch out, and let the Corolla Altis embrace you in its expansive embrace. Road trips, daily commutes, always in style and comfort.

08. Rear Aircon Vents

Whether you're in the driver's seat or in the back, everyone cools down quickly and stays that way in the new Corolla Altis, thanks to its rear air-conditioner.

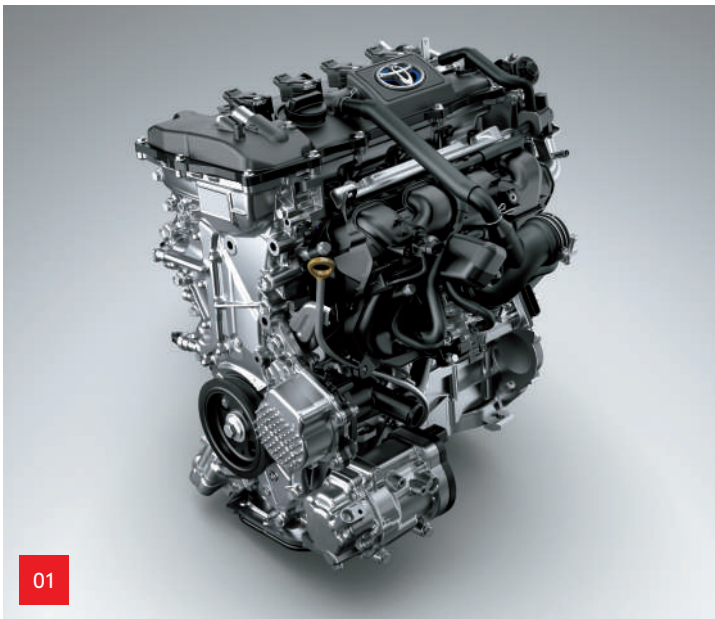

09. Leather Seats

These plush leather seats aren't just about looks— they're your personal comfort zone, turning every journey into a relaxing affair.

Fuel Efficiency and **Performance**

Driving isn't just about getting from point A to B; it's about enjoying every moment in between. The new Toyota Corolla Altis understands this balance, offering spirited performance for those exciting highway drives, while its thoughtfully designed powertrain ensures you're making the most of every drop of fuel.

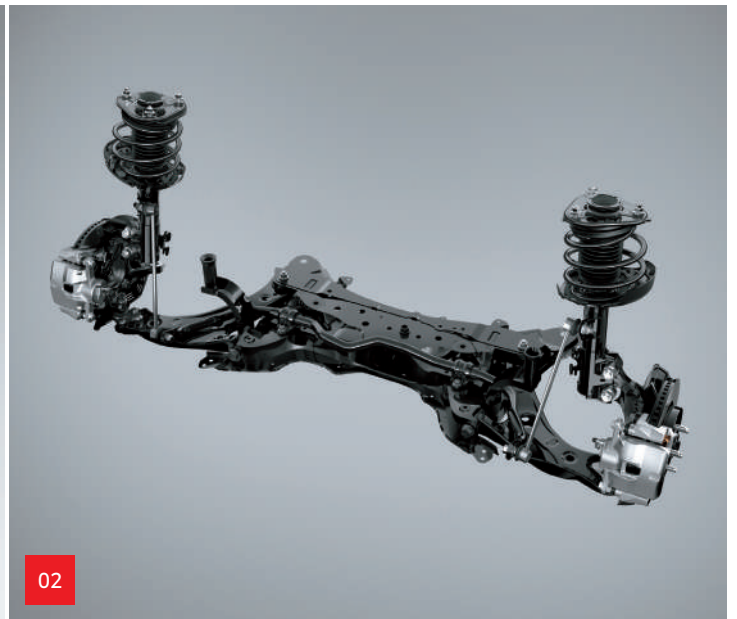

01

01. In-Line 4-Cylinders, 16 Valves With Dual VVT-I

Enjoy smoother acceleration and minimal noise, while also achieving the perfect balance between fuel efficiency and power.

02

02. Rear Double Wishbone Suspension

This newly-developed suspension provides excellent handling stability and comfort.

Sense

Safety for All

The new Toyota Corolla Altis comes packed with a suite of safety features—it's like having an extra set of eyes and quick reflexes on your side, so you can drive with peace of mind on every journey.

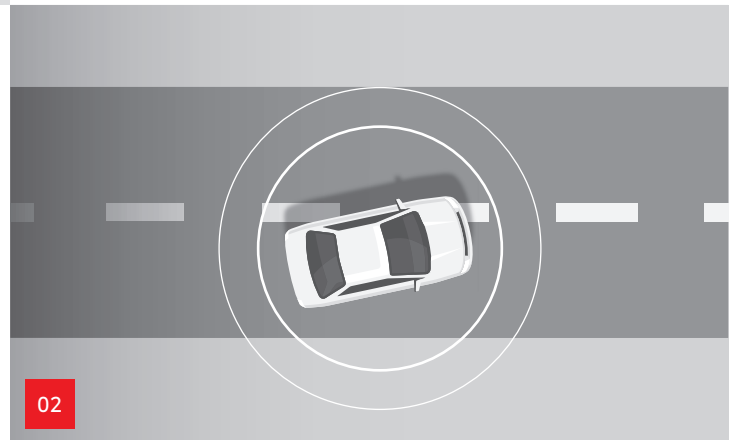

01

01. Pre-Collision System

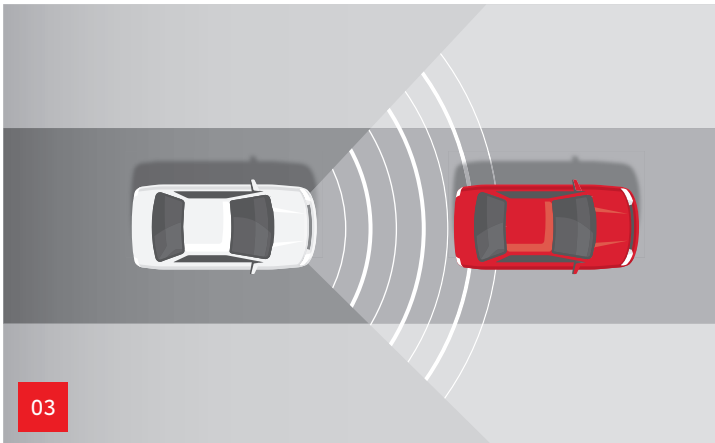

Our safety systems work to stay one step ahead in protecting you and your loved ones. This feature anticipates potential collisions using advanced sensors, offering timely alerts and, if necessary, applying brakes automatically.

02. Lane Departure Warning With Steering Assistant

Stay on track while you cruise. This innovative system detects unintentional lane departures, notifying the driver and providing gentle steering guidance when needed.

02

03

03. Dynamic Cruise Control

This intelligent system maintains a preset distance from the vehicle ahead, adjusting speed autonomously. It ensures a smooth, stress-free ride, allowing you to focus on the journey, not just the destination.

04. Blind Spot Monitor

No more second-guessing. This vigilant assistant alerts you about vehicles lurking in your blind spots, ensuring safer lane changes. Drive with heightened awareness and confidence, every mile of the way.

04

Additional Safety Features

7 SRS AIRBAGS

In the event of a collision, these airbags keep any impact to you and your passengers to a minimum. Strategically placed throughout the cabin, passengers are enveloped in a protective cocoon—ensuring that in every journey, they're embraced by uncompromised safety.
