- Enhanced fuel efficiency with Eco-drive mode

ABSOLUTE SAFETY

- 7 SRS Airbags
- Impact absorbing structure
- Vehicle Stability Control with Anti-Lock Braking
- Electronic Brake Force Distribution with Brake Assist
- Emergency brake signals
- Cruise Control

DISTINGUISHED EXTERIOR

An evocative design that exudes sophisticated strength

RADIATOR GRILLE

POWERFUL & DYNAMIC STANCE

Thick slanted front grille accents flow to the sides through the headlamps, creating a tough, wide impression that veils a sturdy underbody and its authentic SUV capability.

AUTO BI-BEAM LED HEADLAMPS

CAPTIVATING ROAD PRESENCE

Exclusive bi-beam auto LED headlamps with intricate embossing enhance low/high beam illumination and power consumption. They work together with LED Daytime running lights to enhance visibility and a Follow-Me-Home function for added safety.

NEW ICONIC SIDE DESIGN

A PROFILE IN ELEGANT MOTION

Three iconic lines create a unique impression. The first runs from the top of the fender and along the roof, with a second one emphasising the strong rear fender flare. A third chiseled line below the doors contours the profile, culminating in a Solid Fluidity theme that creates a striking driving presence.

PROMINENT 18" ALUMINIUM RIMS

SPORTY & SWIFT ON & OFF THE ROAD

New 18" rims combine style and performance. Thick, powerful spokes and thin, precise ones create a sophisticated impression that's appropriate for both urban and off-road environments. New all-terrain tires achieve superior grip performance.

REAR COMBINATION LAMPS

STRIKING BACK VIEW

Added tail lamp light guides and LED high mount stop lamps create a high tech look, and emergency brake signals are automatically flashed during emergency braking to help prevent rear-end collisions.

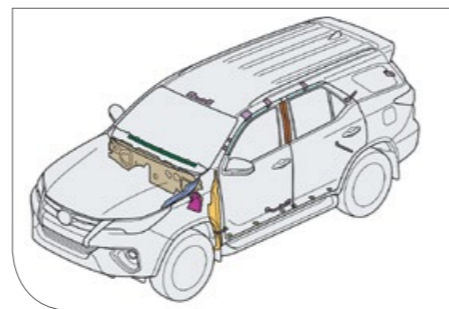

POWER BACK DOOR WITH MEMORY FUNCTION

A HIGHER LEVEL OF CONVENIENCE

The power back door can be opened and closed with a single touch. In addition, the in-built memory setting remembers the preferred height. Jam protection ensures highest level of peace of mind.

PRESTIGIOUS COMFORT

The height of luxury with a depth of comfort

UNRIVALLED SPACIOUSNESS FOR 7 CONVENIENT & VERSATILE

Even more spacious than before, shoulder, head, leg and knee room in the Fortuner have been enhanced to ensure all 7 passengers ride in comfort and relaxation. Additionally, cabin space can be configured to fit varying loads to meet a family's lifestyle needs.

ERGONOMICALLY DESIGNED SEATS EXCELLENT COMFORT & FUNCTIONALITY

Ergonomically crafted to ensure optimum support, low-fatigue and total comfort. Stylish touches such as its 8-way power adjustable driver seat, accent stitching on leather seats and 1-touch easy access mechanism to third row seats deliver a bespoke feel.

CLASS-LEADING CABIN QUIETNESS IN PURSUIT OF QUIETNESS

Insulators suppress engine noise and vibration to further enhance interior quietness while the car's body structure is crafted to provide superior sound absorption and insulation.

NEWLY DEVELOPED AIR CONDITIONING

OPTIMAL COMFORT THROUGHOUT

Equipped with a more powerful air conditioning system that offers a cooler cabin atmosphere. Optimised for more output with less noise and vibration, the rear air conditioning for both second and third row seats come with new cooler controls to ensure ideal comfort for all passengers.

FULL-COLOUR TFT MULTI INFORMATION DISPLAY

INFORMATION AT A GLANCE

Indicates information like average fuel consumption, driving range and average speed. Convenient steering switches also allow you to operate the audio system and Multi Information Display while on the go.

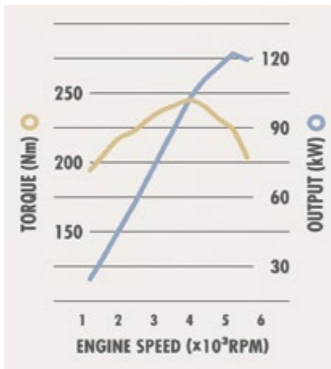

TOYOTA TELEMATICS SYSTEM

STAY CONNECTED ON THE ROAD

Stay seamlessly connected to your drive, through the touchscreen interface, link to your smart phone, GPS navigation, vicinity search, air gestures along with other smart features.

COMMANDING PERFORMANCE

Truly definitive performance like no other

2.7L DUAL VVT-i ENGINE

A NEW LEVEL OF TOUGHNESS

Empowers your drive with a higher compression ratio and a lighter valve train for better performance and fuel efficiency. Topped off with a sturdier surface treatment and higher quality parts for improved engine durability in rugged conditions.

NEW 6-SPEED AUTOMATIC TRANSMISSION

SMOOTH & RESPONSIVE DRIVE

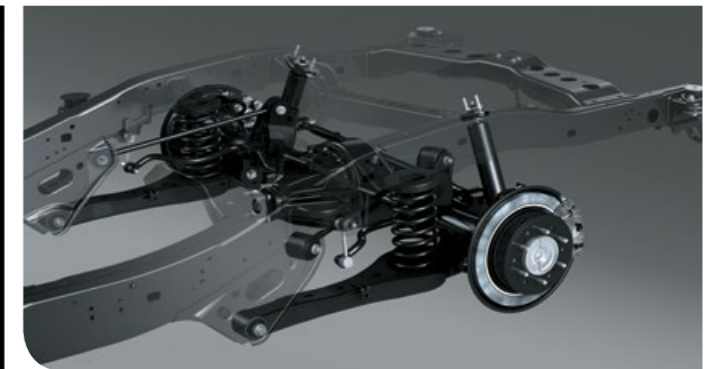

New 6-Speed Electronically Controlled Transmission (6 Super ECT) improves fuel economy and driving performance. AI (artificial intelligence)-shift control automatically performs the gear shift operations according to the road conditions and driver's intention, providing seamless acceleration for a spirited drive.

ENHANCED FUEL EFFICIENCY

MAXIMUM PERFORMANCE WITH MAXIMUM EFFICIENCY

New Eco-drive mode with "Eco" or "Power" mode can be engaged at the press of a button. With a fuel tank capacity of 80L, drivers can travel for longer while enjoying an improved fuel efficiency of 10.7 l/100km.

STELLAR HANDLING

CONFIDENCE ON EVERY SURFACE

Outstanding rear suspension has been tuned optimally to realise intuitive driving and straight-line stability on any terrain. Enhanced power steering provides an agile feel and response.

ABSOLUTE SAFETY

Delivering a new level of peace of mind

7 SRS AIRBAGS

LIFE SAVING MECHANISMS IN PLACE

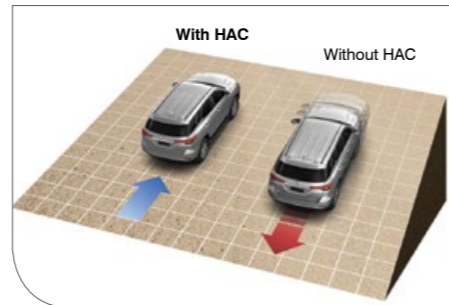

Equipped with a maximum of seven SRS airbags to help protect passengers in the event of a collision.

IMPACT ABSORBING STRUCTURE

PASSENGER & PEDESTRIAN SAFETY

High-tensile strength steel sheets and supplementary materials in the body structure help reduce potential injury to passengers and pedestrians alike by absorbing and effectively distributing impact.

HILL START ASSIST CONTROL

SUPERIOR INCLINE SUPPORT

Hill Start Assist minimises vehicle roll-back on steep inclines by controlling the brake fluid pressure.

REVERSE CAMERA & SENSORS

HEIGHTENED AWARENESS

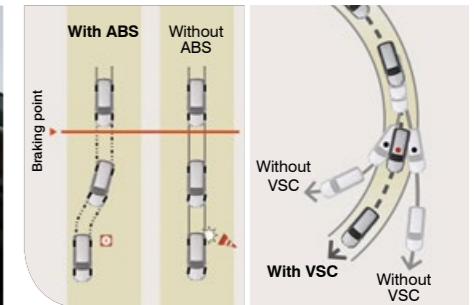

A live camera feed equipped with dynamic guidelines, and clearance and reverse sensors allow the driver to manoeuvre into the tightest of parking spaces.

SEATBELTS WITH PRETENSIONER & FORCE LIMITER FUNCTION

UNCOMPROMISED SAFETY FOR ALL

Three-point Emergency Locking Retractor (ELR) seatbelts restrain passengers upon impact while a pretensioner and force limiter function reduces impact to the chest. A top tether anchor compatible with the ISO-Fix Child Restraint System (CRS) is equipped to the 2nd-row seat.

VEHICLE STABILITY CONTROL (VSC) & ANTI-LOCK BRAKING SYSTEM (ABS)

ALWAYS IN CONTROL

VSC manages engine output and brakes on each wheel when over or under steering, especially during cornering. Advanced ABS prevents skidding by stopping wheels from locking when braking hard or engaging slippery surfaces.

TOYOTA IS THE WORLD'S TOP R&D SPENDER, INVESTING ALMOST US\$9 BILLION A YEAR. THAT'S MORE THAN US\$1 MILLION AN HOUR.

At Toyota, we believe that there is Always a Better Way. Our R&D is a testament to our “Kaizen” spirit – the Japanese philosophy of continuous improvement.

Since 2005, the Fortuner has earned admiration around the world for its impressive capabilities. Today, extensive progress has been made in terms of style and prestige, as well as the Fortuner’s toughness and core capabilities.

With an enhanced 2.7L Dual VVT-i engine, newly developed frame, and enhanced noise and vibration measures throughout the car, the new Fortuner is indeed a pleasure to drive.

These are just a few achievements that have made us a global benchmark for Quality, Durability and Reliability. We’re constantly combining creativity and innovation to anticipate your mobility needs. So you can always look forward to better cars.
